

HEALTH and PHYSICAL EDUCATION

My name: Lorna Tremonti-teacher KPDSB

CURRENT ROLE:

I teach two sections of VIRTUAL PPL 100/200-from entire board-5 high schools

I have 54 students-who chose to learn from home-medical/geography/personal

I deliver my course each day from home-with special permission-family health concerns

Most of our virtual teachers deliver from their home schools-all of them have school based duty-most secondary teach in class $\frac{1}{2}$ day, virtual $\frac{1}{2}$ day

KPDSB USES GOOGLE for course delivery

KEEP it simple

Easy to get caught up in cool technologies--but can be overwhelming for both teachers and staff

ESCAPE ROOM AND PE

THIS is a VERY stressful time-how can we support?

It's important for admin to never forget what it was like as a teacher, especially the tough/high stress times. This is beneficial in developing relationships with your staff that is so necessary as well as showing support & empathy during these unprecedented high stress times.

FROM a leadership perspective:

BE available--open google meet times! (DROP in) My virtual admin receives emails all day....does not always get to them.

Have a collegial google chat-**most problems** solved within

PD-needed -*on the spot*-GOOGLE meet plus-taped session

All teachers **able to attend** leaving asynchronous work-for start -up issues

How are you going to handle **OCCASIONAL** teachers?

If you have them? Principal is a teacher **on google classroom**-and we share with them (OCCASIONAL TEACHER EMAIL)

DON'T have them? Teachers are prepared to leave **asynchronous** lessons-google
